COMBINATION
NE-C1275

Designed to deliver traditionally browned results in a shorter time with no loss of quality. This high speed performance can be achieved with ease as you download cooking programmes from your PC. The SD card function makes it ideal for use in public houses, restaurants or staff catering establishments with set menus where consistent results and ease of operation are essential. But the flexibility does not stop here. This combination oven is also ideal for prime cooking such as roast joints for the carvery.

- 1800W Convection Oven, 1800W Grill, 1150W Microwave
- High speed Fan Grill and Grill Convection functions for faster browning results
- **Combination Options include:** Microwave + Grill; Microwave + Convection; Microwave + Fan Grill; and Microwave + Grill Convection
- Preset Combi keys offer 5 popular combination options which can be selected with one touch
- Microwave has 6 power levels. Dual emission bottom energy feed ensures even heating.
- Convection oven settings range from 100°C - 250°C
- 4 element Quartz Grill with 2 power levels and recessed elements
- Three fast "Preheat" settings - up to 240°C on continuous standby (Will maintain temperature for up to 4 hours of non use).
- 2 shelf positions
- Up to 99 programs available, each can be preset with up to 3 stages of combination or single cooking cycles
- Programmable manually or via SD Memory Card and your Personal Computer
- Fast cool feature to quickly reduce oven temperature for easy cleaning and low temperature cooking
- Beep tone option and clean air filter reminder
- Program lock

PLACEMENT OF YOUR OVEN

- Oven must be placed on a flat, stable surface. For proper operation, the oven must have sufficient air flow.
A gap of at least 5cm (2") must be available at the right and left hand sides and back wall of the oven.
A minimum space of 20cm (8") must be left above the oven and the 2 exhaust vents at the rear.
- Do not place the oven on a shelf directly above or beside a gas or electric hob or cooker. This may cause damage to the oven.
It is dangerous to position this oven on a shelf which is so high that food and accessories cannot be safely removed by the user.
- Do NOT attempt to stack these ovens.
