R-7500M INVERTER: the future of microwave ovens is here! 1800W / Extra Heavy Duty Professional Inverter MW

THE NEW SHARP R-7500M

EXTRA HEAVY DUTY PROFESSIONAL INVERTER MICROWAVE

- PATENTED INVERTER TECHNOLOGY for precise even cooking, reheating and defrosting
- ULTIMATE PRECISION with 14 power levels
- DURABLE and user friendly design

The new **Sharp R7500M** Extra Heavy Duty Professional Inverter Microwave enhances the UK's favourite microwave range, offering the ultimate in durability, efficiency and reliability.

Inverter technology provides constant and exact power for incredibly uniform results, time after time. As well as ultra fast regeneration times, the R7500M ensures the operator has precision control, making it perfect for defrosting and heating delicate foods too.

R-7500M

- PATENTED INVERTER TECHNOLOGY
- 1800W output
- 13 Amp Plug & Go
- Large 19 Litre capacity
- **14** Precise power levels (1800~0)
- 30 Memory presets
- Easy to use touch controls
- Clear and easy to read LCD display
- Easy view glass door
- Energy efficient LED cavity light
- Durable Stainless Steel construction
- Stackable option as standard

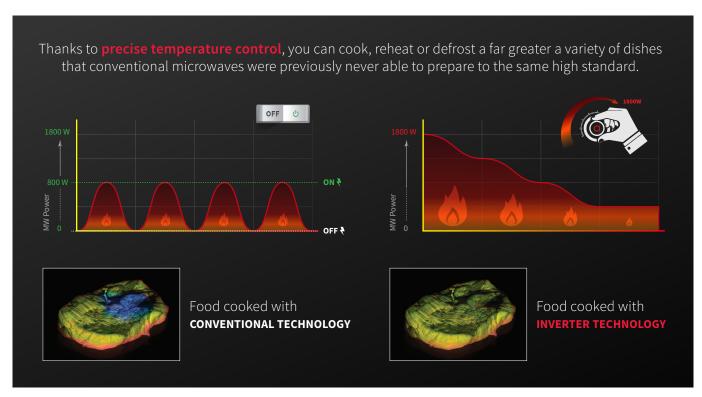

WHAT IS INVERTER TECHNOLOGY?

Inverter technology differs from traditional microwaves by **providing constant**, rather than pulsed power, **when cooking, reheating or defrosting at reduced power levels**. For example, a traditional microwave set at 50% will pulse by switching power on and off throughout the cooking period, which can lead to un-even results in some foods. Inverter technology will provide a precise and constant supply of power at 50%, making it easier to cook or reheat delicate foods slowly and defrost dishes to perfection.

What are **THE BENEFITS** of Sharp's patented inverter technology?

- Precise, fast and controllable power for more uniform cooking
- It consumes less energy, prolonging the life span of the microwave

TECHNICAL SPECIFICATIONS MODEL R-7500M INVERTER TECHNOLOGY 1800W Output Easy to use touch controls Clear and easy to read LCD display Easy view glass door Energy efficient LED cavity light 14 Power levels - offering ultimate precision Durable Stainless Steel construction, inside and out 30 Memory presets Reliable double action handle Large 19 litre capacity Easy to clean and maintain Double/Triple Quantity facility Program Lock Countercheck Stackable External Dimensions: 420 W 480 D 337 H (mm) Internal Dimensions: 330 W 330 D 175 H (mm) Full 3 Year On Site Warranty 13 amp Plug & Go - just 2.85kW input required
