Short Form specification

Unit to be Falcon F900 Series induction range with a counter top having 4 x 5kW cooking zones. A 2/1 gastronorm compatible fan-assisted oven will be located below.

The hob will be constructed from 6mm toughened ceramic glass and 2mm 304 grade stainless steel. Hobs will be laser cut with right-angled edges to allow joining of units with no gaps between hobs. Exterior panels are Scotch Brite finish stainless steel. Control knobs to be marked showing zone variable control settings and to have a bezel behind each knob to prevent water ingress. The unit will have IPX 5 water resistance certification.

Unit to be supplied upon adjustable feet or upon optional castors.

Installation note

Please consult local legislation with regard to installation of cooking equipment.
