

Sliding Top Bottle Cooler

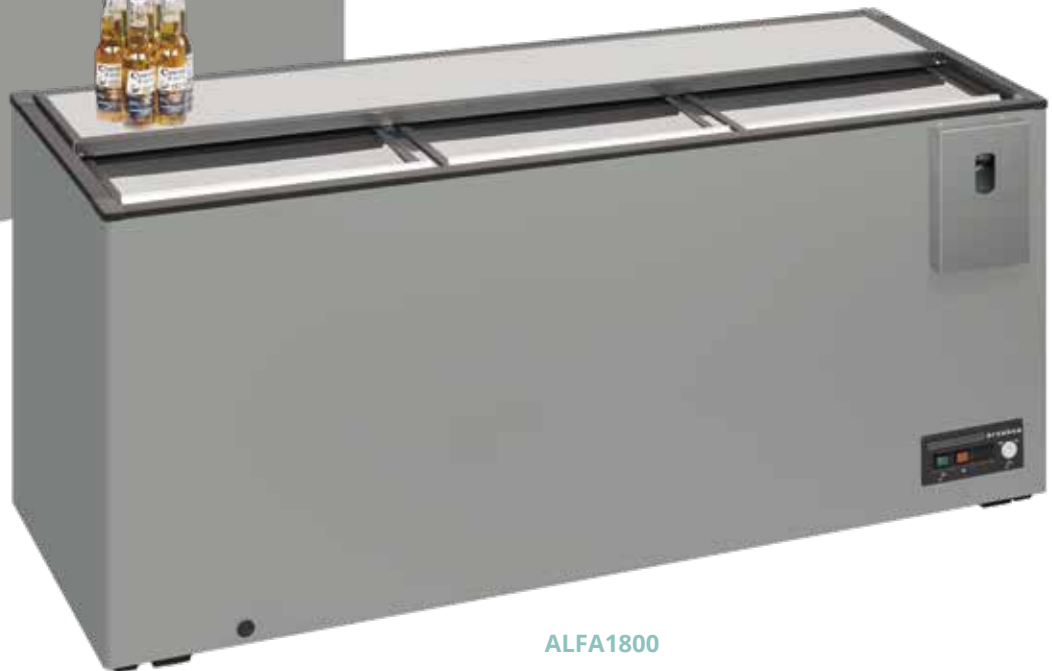

Alfa Range

ALFA1100

Removable top for easy loading

ALFA1800

Product Description

The Alfa range of sliding top bottle coolers is an excellent addition to a busy bar or club. It enables bar staff to serve bottles of beer or cider etc quickly and efficiently without having to leave the bar area or turn around to access back-bar fridges, so reducing queuing to the bar area and speeding up customer serve time. The sliding lids enable quick access to a large storage capacity. For quick loading the whole lid lifts off. An integral bottle opener built into the unit ensures everything you require is to hand, while the built in bottle cap bin keeps the bar area tidy. Three size options ensure there is a model to fit the space you have available.

Features and Benefits

- Fully automatic
- Static cooling
- Rollers
- Sliding lids
- Removable top for easy loading
- Adjustable internal dividers (can be placed every 50mm)
