Features and benefits

- A reduced footprint – the more compact design of G3 counters allow them to fit in the tightest of kitchen spaces without losing capacity
- Taking the travel out of food preparation and customised to your needs, G3 counters offer unrivalled flexibility and quality.
- High performance cyclopentane foam maintains thermal efficiency for longer
- Fully floating lock provides durable security and prevents lock breakage if the key is left in
- New and improved 'Airlines' ventilation system cools the compressor which reduces running time, saving you energy
- With PureControl, the G3's controller display uses pure LEDs, incorporating InGaN technology, which means it achieves higher resolution, lasts longer – all while using less power. Through the simple addition of a gateway, you're connectivity-ready
- High quality 304 stainless steel is used as standard on all doors and unit covers for G3 – the gold standard in performance stainless steel – meaning the heaviest usage touchpoints on the product are covered
- Racking suitable to accommodate standard bakery trays (not supplied)
- Operates efficiently in ambient temperatures of up to 43°C
