

TOWER & SINGLE TOWER

Filter Coffee

TOWER

Versions

- Tower
- Single Tower

Description

Tower

Quick and easy to use coffee brewer with a tea water outlet. Thanks to its high capacity it is highly recommended for large events/caterings. It brews coffee directly into 5 litre serving stations (thermoses) which have unique temperature retention, only 1°C per hour. The serving stations have a practical tap, a level indication tube and integrated handles.

Features

- Digital display
- Full and half brewing function
- Alarm when coffee is ready
- High capacity tea water outlet
- One serving station included with Single Tower
- Two serving station included with Tower
- ECBC approved

Serving Station

Our serving station is elegant, timeless and practical. The serving station has a stainless steel inner lining and it has a practical tap and level indication tube. Since no external heat is supplied, the coffee retains its excellent taste and aroma for a long time. The serving station also fits into all possible environments, and is quick and easy to handle. Lift the serving station off the brewer and put it wherever you want to serve the coffee.

Features

- Practical tap and level indication tube
- Stainless steel inner lining
- Unique heat retention (thus preserving taste and aroma)
- Integrated handle
- Customizable cover lids (Option)
