

**NEW****THE WARM**

## V 60 LS5 PULSE

### DESCRIPTIVE

- 5 heating display levels in stainless steel including 4 shelves (52 x 56cm) and individual LED lighting

- Regulated and ventilated shelves thanks to 'FORCED AIR' **technology** to keep products warm and packed at legal temperature

- Our hot display cases are **approved and guarantee that foodstuffs are kept at 63°C temperature at heart** (tests carried out and certified by Mérieux Paris laboratories)

- Side windows for panoramic view and tempered glass retaining stop on shelves

- Mobility provided by 4 castors including 2 with brakes

### OPTIONS

- Front glass door for the protection of the enclosure warm against drafts

- Rear glass door for a load of food ease from the work area

**Selon l'arrêté du 8 octobre 2013 :**  
Les aliments et plats cuisinés chauds remis directement au consommateur, **doivent être conservés à une température égale ou supérieure à +63°C.**  
Cette température minimale évite une croissance "exponentielle" des germes et bactéries pathogènes avec production de toxines, pouvant provoquer des intoxications alimentaires prononcées.

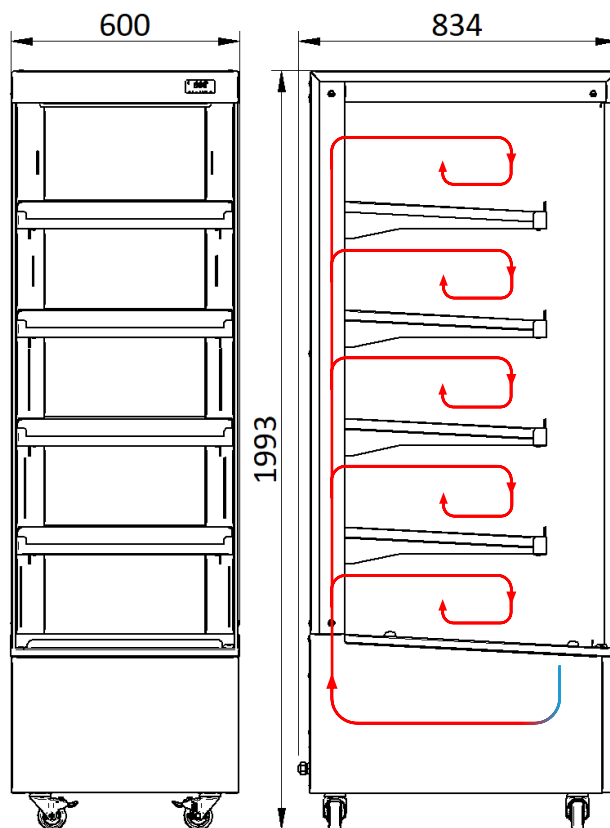

iRegul Control

### ELECTRICAL ENERGY

-Provide: 230 V mono

-Provide: 20 Amp female socket

Template	<b>MA00220</b>
Length	600 mm
Height	1993 mm
Depth	834 mm
Voltage	230 V mono
Amperage	18.2 A
Conso Elec Moyenne	<b>2.1 kWh</b>
Occasional Instant Consumption	4.2 kW
Weight	187 kg
