

Model: NVC5

Curved Glass Display Freezer Energy Class E | 10.44 kWh/24h | 546L Net Capacity | 7 Baskets Included

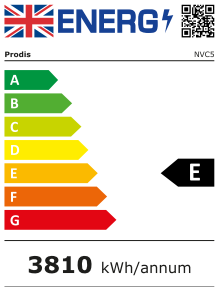

GENERAL INFORMATION

The Prodis NVC5 represents a significant aesthetic and functional upgrade to the core display freezer range. By replacing the traditional flat lid with a sophisticated curved sliding glass canopy, the NVC5 offers a superior line-of-sight, allowing customers to view products from a wider angle.

This panoramic effect makes it easier than ever to showcase impulse-buy frozen goods—from premium ice creams to convenience meals—in a sleek and modern format. The specific arc of the NVC's curved glass lid is designed to actively reduce glare and reflections from overhead store lights, ensuring products remain crystal clear and highly visible to customers from various heights.

ENERGY RATING INFORMATION

-18°C

KEY FEATURES

KEY FEATURES

- Curved Sliding Lids:** Toughened glass lids designed for effortless opening and maximum product exposure.
- Inventory Management:** Supplied with a full set of 7 storage baskets to keep products organised, accessible, and "front-faced" for the best presentation.
- Precision Monitoring:** External digital temperature display for quick and easy constant monitoring.
- Robust Build:** Durable construction with a clean, professional white internal and external finish.
- Security Standard:** Integrated locks fitted as standard for overnight security and peace of mind.

TECHNICAL & OPERATIONAL FEATURES

- Eco-Friendly Refrigerant:** Utilises high-performance R290 hydrocarbon refrigerant for reduced environmental impact and improved efficiency.
- Temperature Range:** Capable of maintaining temperatures between -15°C to -23°C, suitable for a wide variety of frozen produce.
- Large Display Area:** Offers a generous 1.03m² display area to maximise merchandising potential.
- Maintenance Friendly:** Features a front-mounted defrost water drain for efficient manual defrosting and cleaning.

INSTALLATION & MAINTENANCE

- Mobility:** Heavy-duty castors fitted as standard for easy positioning and simplified floor cleaning.
- Plug & Play:** Designed for standard electrical connection (460 W power input).

SPECIFICATION NT1BH-LE

DIMENSION & WEIGHT

External dimensions (W x D x H mm)	1815 x 695 x 860
Internal dimensions (W x D x H mm)	1667 x 552 x 720
Packaged dimensions W x D x H (mm)	1850 x 765 x 890
Net weight (kg)	70
Gross weight (kg)	79

The Curved Advantage: The specific arc of the NVC's curved glass lid does more than just look modern—it is designed to actively reduce glare and reflections from overhead store lights. This ensures your products remain crystal clear and highly visible to customers from various heights and distances. To maintain the best presentation, use the included baskets to 'front-face' your top-selling items directly under the glass for an inviting display.
